A2A announces the interruption of negotiations for the creation of a partnership in the energy generation and supply

Milan – 17 March 2022 – We make reference to the communication of 8 June 2021 announcing the signing by A2A and Ardian of a non-binding termsheet for the creation of a partnership in the energy generation and supply sectors in Italy. The termsheet provided for the parties to negotiate the terms of the partnership and related agreements until the end of 2021, then extended to 31 March 2022. Despite the efforts made, A2A announces the interruption of their negotiations also due to the heightened international tensions and the relevant consequences on the volatility of energy markets in Europe.
